

DUTY OF CARE STATEMENT

Margaret Jurd College is committed to the safety and wellbeing of all students, staff, and individuals on its premises. In fulfilling this commitment:

College management will protect students, staff, and visitors from foreseeable risks of injury by ensuring safe and suitable buildings, grounds, and equipment.

College staff will always provide adequate supervision of students.

Necessary preventative measures will be taken to ensure safety across all College activities.

Reasonable precautions will be in place to ensure no person suffers injury, loss, or damage due to any action or omission by the College.

Additional measures of care will be taken for students with complex needs arising from trauma, disability, age, or cultural and linguistic diversity.

Staff will uphold all obligations related to child safety and protection from negligence, harm, or abuse, and will remain informed of legal obligations under child safety legislation and policies.

College management will maintain effective policies and practices to ensure all workplace participants understand and actively uphold their duty of care to themselves, each other, and our students.
